Dear Parent/Carer

Under the Department of Education's Enrolment of Students in NSW Government Schools policy, all government schools in NSW have a designated local enrolment area with a pre-determined geographical boundary. Students who live within this boundary are entitled to be enrolled at the school. However, International students and students who are temporary residents are not assured enrolment at the school aligned to their home residence and will only be accepted if the school can accommodate the enrolment. This ensures that there are enough places for students who are Australian citizens or permanent residents who reside in their local enrolment area.

Many of our local public schools and high schools are currently unable to enrol any international students or temporary residents as they are at their enrolment capacity.

Northbourne Public School is unable to accept international students or temporary residents as they are above their enrolment capacity.

At this time, I am able to recommend the following local schools to you for consideration, as having possible capacity to accept non-local enrolments.

Marsden Park Public School

Phone: (02) 9627 1644

Address: 363 Garfield Road West, Marsden Park NSW 2765

Email: marsdenpk-p.school@det.nsw.edu.au

Website: <https://marsdenpk-p.schools.nsw.gov.au>

Should your visa status change in the near future, and you are able to apply as a local Australian resident, you will be able to resubmit your application to Riverbank Public School. It is a requirement that all students who make an application to their local school and whose permanent place of residence falls within this boundary, be offered a position at the school.

Kind regards

Michele Hedge

Principal
